ALL 14TH STREET CITIZENS TO SIGN LIGHTING PETITION

Brief Calling on Commissioners for Improved Illumination Circulated Today.

COMMITTEE IS AT WORK **OBTAINING SIGNATURES**

Congestion of Thoroughfare Cited as One of Chief Reasons for New System.

The name of every resident of Fourteentn street, from Plorida avenue to Spring road, will be signed to a petition which is being circulated today by members of the Columbia Heights Citizens' Association, calling upon the Commissioners for an improved lighting system in upper Fourteenth street.

A special committee of the citizens association working under the direction of J. Clinton Hiatt, is circulating the netition and obtaining the signatures. The committee is also considering the advisability to have the petition signed by residents of all intersecting streets, for a distance of two blocks east and west of Fourteenth street. Text of Petition.

The petition which will be presented to the Commissioners next week reads: "We, the undersigned, business men and residents of Fourteenth street, from Florida avenue to Spring road, nderse the campaign inaugurated by the Columbia Heights Citizens' Association for an improved lighting system in Fourteenth street. We sincerely believe a new lighting system should he installed on this important thoroughfare, which is fast becoming one of the most important business streets

Shopping is done on Fourteenth crowded with pedestrians and the street filled with automobiles and other street filled with automobiles and other vehicles, in addition to the street cars which run at frequent intervals, we which run at frequent intervals, we will be street to the street cars last night.

Mr. Fleischmann was a member. A lodge of sorrow was held by the Elks last night.

Mr. Fleischmann was born at Badwhich run at frequent intervals, we believe that the public safety demands improved lights on Fourteenth street," Col. Charles C. Loncaster, a resident of Fourteenth street, and a member of the Columbia Heights Citizens' Association and a member of other civic organizations, said today:

"As a member of the Columbia At a meeting of the Parents and Heights Citizens' Association and a following officers were elected: Conrad property owner on Pourtsenth street, I have been taking an active interest in the movement for better lights on this thoroughfare. No other business street running north and south is so congested, from early morning until congested, from early morning until the property owner on Pourtsenth street, lights on Johnson, president in charge of the high school auxiliary; Mrs. T. Clifton Howard, vice president in charge of the graded auxiliary; Mrs. F. J. Paff, vice president in charge of the primary auxiliary; S. G. Blanton, secretary; Dr. J. Paff, J. Paff, V. Bitter of the primary auxiliary; S. G. Blanton, secretary; Dr. J. Paff, V. Bitter of the primary auxiliary; S. G. Blanton, secretary; Dr. J. Paff, V. Bitter of the primary auxiliary; Mrs. John Lead-beater, vice president in charge of the high school auxiliary; Mrs. John Lead-beater, vice president in charge of the high school auxiliary; Mrs. J. Clifton Howard, vice president in charge of the primary auxiliary; S. G. Blanton, secretary; Dr. J. Paff, V. Bitter of the primary auxiliary in the primary auxilia property owner on Pourteenth street, late in the evening, by street cars, J. H. Bitzer, treasurer, automobiles and other vehicles, by reaof which the street crossings are

A Pressing Necessity.

pressing public necessity demands that the Commissioners should order without delay the most approved metheds of lighting this street. Not only eds of lighting this street. Not only the citizens of Columbia Heights and Royal Service," and Miss Roy Wintose who live along Fourteenth street, but the citizens generally, I believe, "Working Together With God." but the citizens generally, I believe, tavor this improvement.

"This is one of the most important compaigns in which the Columbia Heights Citizens' Association and the residents of that section have been engaged in years, and i believe it will have a successful culmination, because there is a pressing and immediate demand for the improvement asked."

IN ASQUITH'S SIDE

LONDON, March 28.-Still facing the crisis which may result in the disruption of the cabinet, the early calling of a general election, or wholesale resigna- Keith Death Will Not tions in the army, Premier Asquith today again took up the struggle to straighten out the tangle growing cut of the movement against Ulster. Field Marshal Sir John French and Adjt. Gen. John Spencer Ewart have

dismissed. Such action as this on the part of the government would certainly be followed, however, by wholesale resignations in the service, it is declared, and the calling of an early election

and the calling of an early election would be certain.

Premier Asquith's determination to retain War Minister Seely in the cabinet is believed to have brought about the complications in the situation. General Paget, commanding the troops in Ireland, has so far avoided becoming entangled, but should General Gough be diss—ad and other officers resign, it is believed he might come into the open, possibly with a resignation and the announcement of his dealings with Colonel Seely.

Seely.

General Paget's treating with officers as to their willingnes to serve in Ulster is plainly rebuked in the new orders issued by the war council, though the entire affair which started the trouble is declared to have been due to a "missuederstanding" of orders.

despite tremendous pressure, and much now depends on the action of General Gough, who is said to have been summoned to London from the Curragh, and for three years the business mond to London from the Curragh, and for three years the business world.

General Gough, it is reported, has been asked to surrender the written guarantee signed by War Secretary Seely, French and Hart that his troops would not be forced to fight Ulster.

If Gough complies with this request General Ewart, it is all, will agree to withdraw their resignations. If he refuses, then the commanding generals will remain firm in their determination to retire.

It will be pointed out to General Gough that the "treaty" is now void, having been repudiated by the government and should he refuse to acknowledge its cancellation he might be ordered to surrender the document or be candidates will be initiated.

Will have no effect on the Washington house or the Keith circuit, said Roland hos Robbins, resident manager, today.

Ten Years Ago Was Experiment, Today Is Necessity in **Business World.**

By JOHN WILLYS .

There can no longer be any quest the modern commercial world. The truck in the past few years has arisen Affect Theater Circuit from a more or less ventureso periment to the one real, big, and effi-The death of B. F. Keith, theatrical cient transportation means. Where magnate, at Palm Beach, Thursday, ten years ago there were not more will have no effect on the Washington than a dozen trucks in the United house or the Kelth circuit, said Roland States, today there are thousands of

village, and in many country districts, we see more and more trucks being put into use every day.

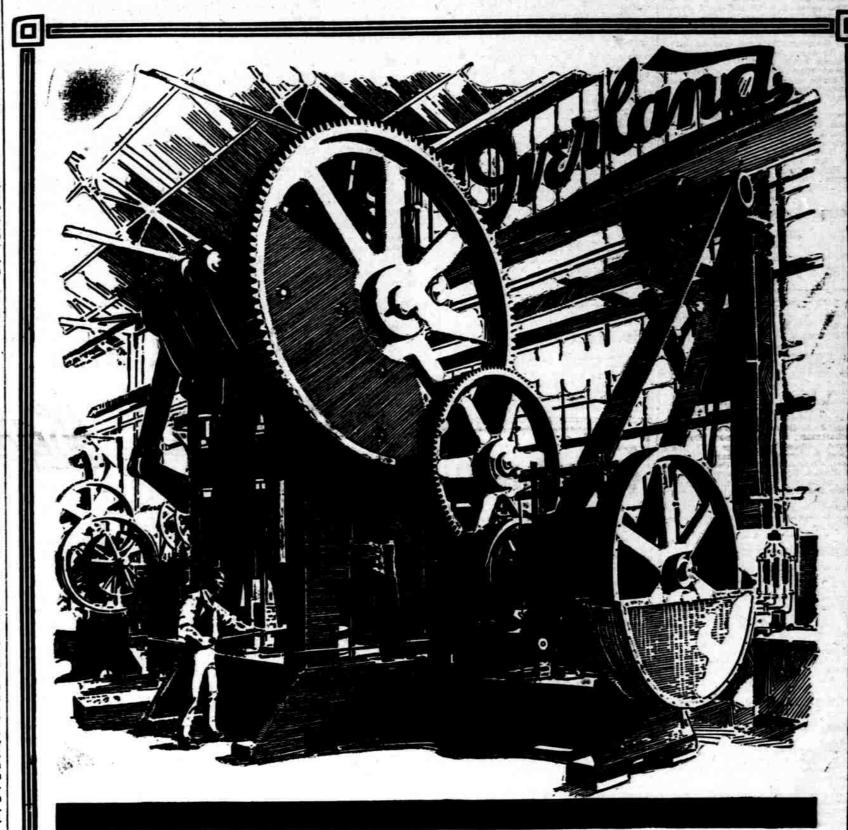

The reason for the popularity of this vehicle is obvious. The truck has become an economic necessity through a course of experience and demonstration that is as natural and logical as the following of day by night.

The truck is practical. It will go anywhere a horse and wagon can be driven, and in much less time. Whether the scene of operation is the crowided steamship pier or railroad freight yard, the congested city street of narrow alley entrances of big justiness houses, the truck can be diven, handled and maneuvered with greater case and less space than is required for a team and wagon.

In spite of the fact that thousands of motor vehicles are now in use, and thousands more are being put to work every day, the surface has only been a cratched. Month by month and year by year the world will see thousands of other trucks put to work, for it has long since been demonstrated to the satisfaction of everyone that the horse is an obsolete factor in merchandise transportation.

Cotton Future Bill Is

To Be Called Up Again

Two Radiator Shells Per Minute

THE above machine is another one of the numerous Overland cost reducers. This machine turns out 120 whole outside radiator shells per hour.

Small manufacturers, who must by necessity use small equipment, can only turn out two per hour.

We make two per minute! There you have the difference which is one of the many reasons why the Overland costs less than any

other similar car in the world.

This machine costs \$12,500.00. It is 18 feet high, weighs 185,000 pounds, and has a capacity of 100 tons or 200,000 pounds pressure.

It is called the "double toggle press" and is one of the most remarkable economizers used in the automobile business.

Thus you see why the Overland costs 30% less than any other similar car made.
